For Immediate Release:

Joe's Tint Shop To Provide Protection to Child-Care Center

Joe's Tint Shop, located at 123 Main St. Anytown, USA, will provide a free window film tint job to the Anytown Child-care Center on the weekend of January 25th. The Anytown Child-care Center, which has provided day-care services to underprivileged children for over 25 years, has been an integral part of the community and has recently been selected as one of the top 100 day-care centers in the country by a recent government poll.

Joe's Tint Shop will apply Johnson Window Films security film to the two story building. This film has a thicker construction and will help hold glass together in case of a glass breakage accident. Additionally, this film offers solar control to reduce uncomfortable heat and annoying glare. "We are very pleased to have the opportunity to supply the benefits of window film to one of our community's more important facilities" said Joe Tintorini, President of Joe's Tint Shop. "Children are the backbone of our town, so it makes sense to give them the best protection possible."

Joe's Tint Shop has been professionally installing film in Anytown, USA for over 10 years and offers a wide variety of automotive, residential, commercial and security films.
