For Immediate Release  
November 2018

Sales and Customer Service      [info@johnsonwindowfilms.com](mailto:info@johnsonwindowfilms.com)

Johnson Window Films is pleased to announce that the Johnson Window Film brand of products has been awarded the exclusive rights of "The Official Window Tint of West Coast Customs". We are extremely proud to have been offered the opportunity to partner with this world renowned automotive customization company. Our products are a perfect fit for West Coast Customs cliental; who desire unique vehicles that express's their individual style.

West Coast Customs is internationally recognized for it original designs and concept vehicles. This partnership will raise consumer awareness of both the benefits of window film installation and bring attention to our brand.

The President of Johnson Window Films, Scott Davidson says "This is an exciting time for our brand. The partnership with another west coast based business is something that is a perfect for us and our business model."

Johnson has always prided itself in selling to entrepreneurs; these people are not huge on corporate structure and appreciate our ability to quickly resolve issues without having to wait for an answer from corporate.

Being the only family owned and operated manufacturer/distributor in the market place today presents it own benefits and hardships. When you purchase our products you are buying our hearts and souls, not some product produced with automated inspection machines. Our quality control is performed by people who perform multiple inspections on each square foot of the product.

Much like the hand crafted vehicles produced by West Coast Customs; Johnson Window Films products are produced with a human touch. Both of our organizations lack cumbersome bureaucracies allowing us to interact with each customer on an individual basis.

The world is so connected these days what with Facebook, Instagram, Twitter, etc it just seems to go on and on. Most businesses do not have a face to attach to an email address or a voice on the phone. We are lucky with this partnership as Johnson Window Films and West Coast Customs, are both located in the Greater Los Angeles Area, so we definitely have faces to match the email address.

We look forward to the prosperous future that this partnership will bring in the upcoming year. Contact us for more information on this new and exciting chapter in our brands history.

Johnson Window Film products are manufactured by Johnson Laminating and Coating Inc., an ISO 9001: 2015 certified company – BSI™ CERT# FM562721.
